DEDICATION CEREMONIES — J. C. (Jake) Roberts, speaking before a crowd of around 500 at the dedication of the FM Road 1835 connecting Hamlin and Old Glory, congratulated the Commissioners of Stonewall and Jones Counties for undertaking and completing a project of this size. The groundwork for the road was started in 1956.

500 Attend Dedication Of Salt Fork Bridge

With the Hamlin High School Band playing behind them, V. R. Leverett, superintendent of the Old Glory Schools; J. C. (Jake) Roberts, district highway engineer; and John V. Howard Jr., Hamlin Mayor cut the ribbon opening up the bridge crossing the Salt Fork of the Brazos.

With the new bridge completed it will give the people of Old Glory and Sagerton a closer link with the Hamlin people. The ribbon was red, white blue and green, representing the colors of the Old Glory and Hamlin Schools.

After the ribbon ceremonies, the crowd of nearly 500 moved down under the huge \$160,000 bridge where the balance of the ceremonies and dinner was held.

Robertson told the crowd of the difficulties of getting a FM Rd. of this size and covering two counties when completed. Work actually started on the project in 1956 when the two counties agreed to purchase the right-of-way.

Because of the limitations of the F M Road program, the road was worked as three projects and carried over several years.

Roberts was introduced by H. Roberts was introduced by Jones County Judge, H. G. (Pete) Andrews who in introducing Roberts stated that

SWIMMING CONTEST TO BE HELD AT POOL HERE SATURDAY, JULY 23

The Hamlin Swimming Pool will sponsor a Junior Olympics at the swimming pool Saturday, July 23, starting at 8:30 a.m.

The contest will include four swimming races and a combination of five dives. At the present time only a contest for boys is planned, but if enough girls are interested a girls division will be included.

There will be four age groups with trophies to be presented in each division. The age groups are 12 and under; ages 13 and 14; ages 15 and 16; and ages 17 and 18.

Scoring will be on a point basis obtained from an average of five events.

The entry fee is \$1 and all entries must be signed up by Thursday, July 21. Those interested in entering may sign up at the pool or call 9591.

Classes in diving will be held by Jimmy Vaughn before the Olympics for those interested. They will be held July 18 to July 22, between 1 and 2 p.m.

CUTTING THE RIBBON—Hamlin's Mayor John V. Howard Jr. (center) cuts the ribbon dedicating the new bridge over the Salt Fork of the Brazos River that connects Old Glory and Hamlin. He is assisted by V. R. Leverett, (left), superintendent of the Old Glory Schools and J. C. (Jake) Roberts, (right), District Highway Engineer of Abilene. The Hamlin Pied Piper Band is shown playing in the background.

HAMLIN WOMAN RECEIVES REQUEST FOR SNAKE RATTLES

Mrs. Jack Russell, whose fame as a rattlesnake hunter has spread far and wide, received a request this week from Kingsport, Tennessee, for a snake rattle.

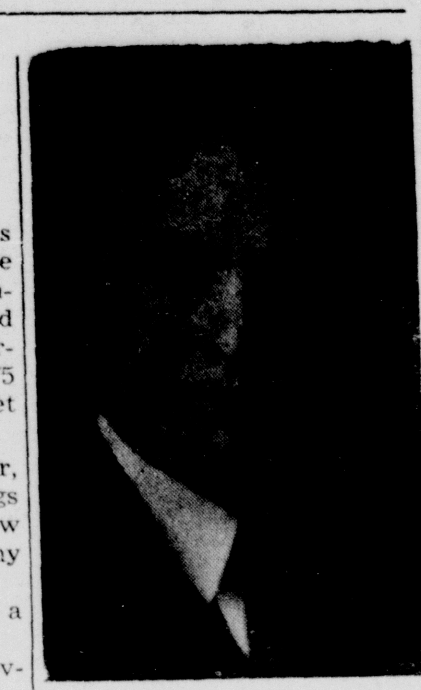

Jacob W. Carter wrote Mrs. Russell that he had read an article about the Sweetwater Chamber of Commerce's Annual Rattlesnake Round-up in his local "Kingsport Times News" and saw where she was the only double prize winner, and tied with H. J. Geron of Sweetwater for the largest snake brought in.

Carter's letter read in part, "Congratulations, I would like to have one of those rattles to put in my fiddle as I've always heard they make a fiddle sound better. I think it's wonderful, this snake hunting and the 16 rattles. I thought perhaps among all those 275 snake hunters a fellow could get one."

"I'm a retired paper maker, I collect bells and such things as a hobby. Please let me know if I can have one rattle for my fiddle. Thank you."

"P. S. If you can spare a couple, please send them."

Mrs. Russell is sending several rattles to Carter.

CHARLES GASTON GREEN

H. E. HELMS FINAL RITES HELD MONDAY

Funeral services were held Monday at the North Central Avenue Baptist Church for Henry Elton Helms, 52, who was found dead at his home about 7 a. m. Sunday. A physician ruled that he died about 12:45 a.m. from a heart attack. A brother, Onis, discovered the body about 7 a.m.

Born Oct. 25, 1907, in Arkansas, he has lived in Hamlin since 1918. He was married to the former Lillie Barton in Cisco, March 30, 1946.

His occupation was trucking. Rev. J. M. Harrell, pastor, officiated for the 5 p.m. services. Burial was in Hamlin East Cemetery directed by Hamlin Funeral Home.

Survivors include his wife; his mother, Mrs. Ellen Helms of Hamlin; two daughters, Linda June of Hamlin and Mrs. R. A. (Geraldine) Burroughs of Farmington, N. Mexico; three brothers, Homer and Onis of Hamlin and Alvin of Abilene; two sisters, Mrs. Tom Prichard of Hamlin and Mrs. Hazel Prichard of Cisco; and four grandchildren.

Pallbearers were Bill Sauls, Frank Hall, Bill Moore, Leford Stone, Cliff Butler and Billy Frank Hall.

Retired Superintendent, C. G. Green, Dies Here

Funeral services were held Monday for Charles Gaston Green, 87, who died at 2:30 p. m. Saturday in the Hamlin Memorial Hospital after an illness of about a year. He had been in poor health for the last several years.

Green was a retired educator and former superintendent of the Hamlin Schools. During his administration from 1924 to 1939, the present High School building was constructed at a cost of \$125,000. The building built in 1929 is still functional and is insured at the present for \$280,000. Among the many services rendered the local school system by Green was the reorganization of its financial structure.

Before coming to Hamlin in 1924, he served as superintendent in Rockdale for 16 years, and in the Huntsville school system for five years.

Born January 24, 1873, in Honey Grove, Texas, he was the son of the late Mr. and Mrs. Thomas Green. On December 23, 1903, he was married to the former Maud Bush at Wolfe City, Texas.

A graduate of Sam Houston State Teachers College, he also held bachelor and master's degrees from the University of Texas.

He was a member of the First Methodist Church, where he had served as Sunday School Superintendent and teacher, and Masonic Lodge. He was a past president and charter member of the Hamlin Rotary Club. He also served as secretary - treasurer of the Rotary Club for 12 years.

He is survived by his wife. Funeral was held at 3 p.m. Monday at the First Methodist Church, with the Rev. Edmund W. Robb, pastor, officiating. Graveside rites were held at 2 p.m. Tuesday at Mount Carmel Cemetery in Wolfe City. Hamlin Funeral Home was in charge of arrangements.

Pallbearers were Bowen Pope, Elmer Feagan, V. V. Anderson, C. F. Cook, J. C. Turner, Earl Smith, Edgar Duncan and J. W. Bryant of Stamford.

Honorary pallbearers were the members of the Men's Bible Class of the First Methodist Church, and members of the Rotary Club.

Heavy rains Wednesday morning brought much needed moisture to the area's crops with the gauge at the Hamlin water plant showing 1.85 inches, according to Bill Rountree. Amounts of up to 3 inches were reported East of Hamlin. This was the first rainfall Hamlin has received since June 7 when 6.3 inches fell.

The rains brought welcome relief from several weeks of extremely hot weather.

The area's cotton and maize crops were near the critical stage before this rain, but now conditions look favorable for a bumper crop. Many farmers are expected to plant more maize with the possibilities of harvesting running up to Christmas. Local reports indicate that the maize outlook has improved 100 percent.

Although the cotton crop was not suffering as much as the maize, the rain came at a time that will make a big difference in the production.

History Teacher Resigns, To Teach In Colorado School

Elvin Kelly, high school history teacher in Hamlin Schools has resigned his position here to become a member of the junior high school faculty at Lapunta, Colorado. He will be assistant coach and will teach history.

C. F. Cook, Superintendent of the Hamlin Schools said that Kelly is a fine teacher and we hate to lose him, but he is leaving for a substantial raise in salary.

Kelly, who came here as a graduate from Abilene Christian College, has taught for two years. He and his family will probably move to Colorado sometime before August 1.

LOCAL YOUTHS ENTERED IN ABILENE TRACK, FIELD MEET

Hamlin will be represented in the Abilene Recreational Olympics by a team sponsored by the Hamlin Jaycees.

The Jaycees have entered boys in both the junior and senior divisions of the Abilene city recreational track and field meet to be held at the McMurry College Stadium. The preliminaries start at 5 p.m. Saturday with the finals scheduled at 7 p.m.

The boys and their events entered in the junior division for boys 13, 14 and 15 are: Larry Butler, 440 and 880 yard relays and high jump; Andy French, 440 and 880 yard relays and high jump; Dan Newberry, 440 and 880 yard relays and 100 yard dash; Ben Morrison, 440 yard dash and 220 yd. dash; Bill Richey, 220 yd. dash and 880 yard relay; Larry Upshaw, 440 and 880 yard relay and 100 yard dash; Rayford Williams, 440 and 880 yard relay and 100 yard dash.

WHERE TO PUT IT ALL?—Eugene Knabel is trying to finish moving his jewelry business into his new building and get the stock arranged. He moved over the weekend and was open for business in the new quarters Tuesday morning. Knabel Jewellers' new building is located just north of his former quarters and is both spacious and modern through out.

FARMERS WARNED OF NEW LAW CONTROLLING STOCK ON ROADS

The Texas Department of Public Safety reminded Texas cattle owners today that a new law went into effect July 1 aimed at controlling livestock on designated US and state highways.

The new law makes it illegal for a person knowingly to permit his domestic livestock to roam at large and unattended on state and federal highways. It applies regardless of whether or not the highway right-of-way is fenced. Maximum fine for such violation is \$200, and each day the violation occurs may be considered a separate offense.

Farm to market roads are excepted from the law. The new law also gives law enforcement officers the authority to have such livestock picked up, when unable to locate the owner, and turned over to the sheriff or constable in the county.

The law does not prohibit the driving or herding of livestock across or along the highways. It gives peace officers the authority to enforce provisions of the act without a warrant.

Col. Homer Garrison Jr., director of the Texas Department of Public Safety, said state patrolmen will enforce provisions of the law in an effort to reduce the traffic hazard caused by animals on designated state and US highways. He said that during the year 1959 a total of 1406 rural traffic accidents occurred in Texas involving animals of all types. In these accidents 216 persons were injured and 4 persons were killed.

County Singing To Be Held in Anson

The Jones County Second Sunday Singing will be held Sunday, July 10, at 2:30 p.m. in the air conditioned Fellowship Hall of the First Baptist Church of Anson.

W. F. Thompson, president of the group has extended an invitation to all singers and persons who enjoy good singing to attend.

Michael Roland Admitted to Ft. Worth Hospital

Michael Roland, 12 year old son of Mr. and Mrs. Orville D. Roland, entered St. Joseph's Hospital in Fort Worth Tuesday afternoon. He was carried to Fort Worth from Hendricks Memorial Hospital in Abilene by Hamlin Funeral Home Ambulance.

Michael was visiting an aunt in Greenville last week when he became ill. His parents went for him there on Tuesday and he was entered in the Abilene hospital. On Monday of this week his condition seemed improved. He was placed in the Hamlin Hospital Monday evening but was returned to Abilene the next day when his condition became worse.

Roland, Manager of the Hamlin Board of Community Development, had planned to attend the Institute for organization management at the University of Colorado in July, but has cancelled this meeting and is taking his vacation at this time so that he and Mrs. Roland can be with their son.

Michael is in room 214 at St. Joseph's Hospital.

Mr. and Mrs. H. E. Sharer, Mr. and Mrs. Herman Sharer and Mr. and Mrs. Vernon Sharer and family spent the Fourth of July in Amarillo visiting Mr. and Mrs. Lawrence Touchen and family.

HIGHLIGHTS AND SIDELIGHTS

By VERN SANFORD
Texas Press Association

Amid the searing summer weather, Texans are putting new emphasis on getting a statewide water plan.

Though Texas is supposed to be mid-way in a seven-year wet cycle now, unexpected harsh drought settled on parts of South and South Central Texas in late spring and early summer. As one scorching day followed another, crops were stunted and pasturage began to burn.

Though conditions were better elsewhere, the difficulties of the farmers in the areas around the Capitol City lent emphasis to Gov. Price Daniel's plea for a "crash program" to develop a water plan. If Texans don't do it, said the governor, the federal government will take over.

Target is to have complete master plan for development of Texas' water ready by May 1, 1961. To help meet this deadline, the governor asked representatives of the river authorities and districts to file updated master plans for their areas with the Water Board by Nov. 1. He also asked the river authorities to lend engineers and technical personnel to help prepare the state plan.

Meanwhile, farmers, watching their corn burn up in the fields, took what comfort they could from the often-repeated statement that "Texas has plenty of water; it's just a matter of distribution."

STEEP GRADES AHEAD—Looking ahead 10 years at estimated costs of state government, the governor's State Finance Advisory Commission got a dizzying view of spiraling expenses.

Sub-committees of the commission will study the problem of future costs and how to meet them through the summer and make reports to the entire commission September 10. Commission's report and recommendations to the governor are due October 10.

Estimates of their future needs made by major state agencies for the Commission indicated a need for spending \$29,000,000 more each year to meet growth needs.

Governor Daniel told the commission he hoped they could find ways to scale down the new money needs some and find revenue sources that would grow as population and demands for services increase.

FINANCE STUDY GROUPS—Making up the Finance Commission sub-committees which will work through the summer to find answers to Texas' worrisome money problems are a group of citizens with more than average experience in public affairs and finances.

The panels and their chairmen, as named by Commission Chairman John Redditt are: SOURCES OF ADDITIONAL REVENUE: Dr. George C. Hester of Georgetown.

FINANCING LAW ENFORCEMENT, WELFARE, HOSPITALS AND THE INDUSTRIAL COMMISSION: E. B. Germany of Dallas.

STATE'S FISCAL SYSTEM AND DEFICIT PROBLEMS: Ben H. Wooten of Dallas.

PUBLIC SCHOOLS: Thomas B. Ramey of Tyler.

HIGHER EDUCATION: Dr. Frank Connally of Waco.

HIGHWAYS: Herbert C. Petry Jr. of Carrizo Springs.

MORE FROM FUNDS? Facing a money-short future, a State Senate Committee is studying the possibility of earning higher returns from the investment of state trust funds.

Sen. Hubert Hudson heads the panel which is studying administration and investment of four funds, totaling \$1,200,000,000. They are the University Permanent Fund, the Permanent School Fund, the Teacher's Retirement System Fund and the State Employees Retirement Fund.

Mortgage bankers suggested to the panel that the funds could earn a higher return without sacrifice of safety by investing in government-insured home mortgages. Some panel members observed that the funds now invested in federal bonds were not earning as much as was being lost through inflation.

For the past three years some of the University's Permanent Fund has been invested in corporate securities which has increased its earnings over what it had been from government bonds.

Senators also discussed the possibility of saving through a unified organization for administration and counseling on the four funds.

GAS DECISION AWAITED—State of Texas and the natural gas pipeline companies are waiting for a decision in the

first round of a long series of court fights on the validity of the natural gas servance beneficiary tax.

A total of 108 lawsuits have been filed against the tax pipeline companies. Their attorneys argue that it, unlike the old natural gas gathering tax that was knocked down by the courts, is unconstitutional because it constitutes a burden on interstate commerce.

Companies have paid the \$6,363, 878 in severance taxes under protest. If the law is struck down in the courts, the money will be refunded to the companies.

Attorney General Will Wilson, arguing for the state, declared the law is not unfair to interstate commerce because it treats gas sold outside of Texas and gas sold within the state exactly the same.

SAUNDERS CASE ARGUED—Court of Criminal Appeals is to rule next fall in a case hanging on whether a witness can be convicted of perjury in connection with testimony before a legislative committee.

Defendant in the case of J. Byron Saunders, former chairman of the State Board of In-

surance, who was convicted and sentenced to two years imprisonment for lying to a legislative committee about funds received from ICT Insurance Co. while he was in office. Saunders' attorney contended that perjury is possible only before a judicial body, not before a legislative committee.

GROCERY TRAINING SCHOOL
TO BE CONDUCTED IN HAMLIN

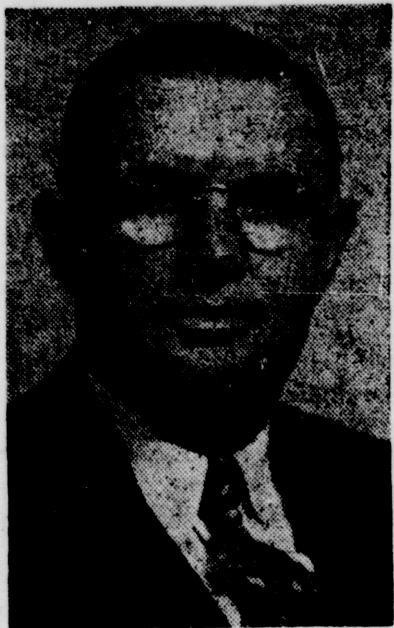

A new course entitled "Facts -Manners-Skills" will be of benefit to the customer as well as the grocer, promises Clyde Bennett, Grocery Training Specialist and staff member of the University of Texas.

Mr. Bennett is to be in Hamlin from July 18 to July 22 to conduct the ten hour course for interested grocery store employees. The instruction is designed to help both management and personnel give better service to the customer.

Topics to be covered in the series of training include: what makes a good employee, how to mark and stock merchandise, the whys and hows of food store housekeeping, and better customer relations.

Local grocers are co-sponsoring the series in cooperation with the Texas Retail Grocers Association and Trade Development Committee of the Hamlin Board of Community Development.

Mr. Bennett, the instructor, is a former grocer with 16 years experience as an owner and

operator in Central Texas. He has also taught in the public schools for several years, and has had six years experience as a training specialist.

C. L. Howard, chairman of the Trade Development Committee, has announced that a small enrollment fee will be the only charge for the course. The series will be held at the Oil Mill Guest House beginning at 8:00 p.m. Monday, July 18. Additional information may be obtained by contacting Orville D. Roland, BCD Manager.

Texas Outranks
Other States in
Cotton, Rice, Grain

Texas far outranks other states in cash receipts from farm marketing of cotton, rice and grain sorghum in 1959, reports John G. McHaney, economist for the Texas Agricultural Extension Service.

Cotton was the leading income source for Texas farmers as it brought in one third of the total agricultural receipts. Although Texas grain sorghum accounted for over half of the total U. S. production, it accounted for only 10 percent of the state's farm income, McHaney continues.

In other rankings, Texas was second in receipts from cattle and calves, fourth in sheep and lambs and peanuts, and fifth in flaxseed. Even though Texas retained its top spot for number of cattle and calves on hand, Iowa ranked first in total cash receipts, McHaney says.

MOTORBOAT OPERATORS
CAUTIONED TO BE CAREFUL

The Texas Highway Department, official boat-registering agency for the State of Texas, cautioned all motorboat operators to use common sense afloat at all times—not just during National Safe Boating Week, July 3-9.

The Texas Water Safety Act requires accident reports to be filed with the Texas Highway Department. Reports to date indicate inattention and unsafe conduct on the part of boat operators cause 63 percent of motor boat accidents. Weather conditions account for 21 percent. The Department points out, however, that some of the weather-caused accidents could have been avoided if the operators had checked local weather reports.

Department statistics indicate that 90 percent of the operators involved in accidents have had more than 100 hours of experience—shattering the popular belief that inexperienced boat operators have the most accidents.

The Highway Department urges a two-man crew when pulling a skier—one to operate the boat, and the other to keep an eye on the skier and give instructions to the operator. One of the most common accidents involves only one person in a boat pulling a skier. The boat operator, watching the skier, fails to watch the path of his boat and collides with another boat or object. More than half (53 per cent) of the reported accidents are classified as collision with another boat or object.

DANGERS OF
ROTARY LAWN
MOWERS SITED

Did you know a rotary power lawn mower blade travels at speeds up to 150 miles per hour and is capable of throwing sticks, stones or other objects at comparable speeds? Imagine what would happen if you were hit by one of these fast flying objects.

Power lawn mowers are now in the majority both in town and among farm people. Along with their increased use has been a closely related increase in accidents involving both operators and bystanders. Most accidents have been due to carelessness or lack of knowledge on the part of the individual.

W. L. Ulich, extension agricultural engineer, offers these suggestions on how to operate your rotary power lawn mower safely and efficiently.

Always disconnect spark plug wire before working on blade.

A clean sharp blade does a better job of cutting and requires less power.

Never operate mower with safety shields removed. Make sure all rocks and debris are removed from the area before close mowing.

Do not refill the gasoline tank when engine is hot or is running.

Run mower as slow as possible to do good work.

Keep children and pets away from mowers.

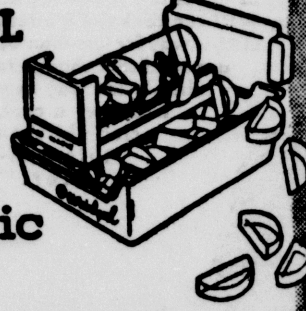

Always be certain of sure footing when mowing on steep slopes.

Make sure mower is steady and under control when starting engine.

Always be aware of the hazards involved when you are using a power mower. Don't get caught napping.

Fourteen Students From Here to Attend McMurry Band

Fourteen students from Hamlin have been accepted for McMurry College's annual summer band and twirling school on the campus at Abilene, July 10-23.

Director of the school and head of McMurry's band program, Dr. Raymond T. Bynum, said around 450 are expected to attend.

Instruction is offered to college, high school and junior

high students in twirling, individual instruments, band work and marching.

Fifteen instructors, plus several assistants, will be on the faculty this summer. Ten Texas cities are represented by the veteran musicians. These cities are Odessa, Brownfield, Dallas, Ropes, Abilene, Snyder, White Deer, Midland, Winters and Colorado City, where the band instructors direct high school or junior high school bands.

McMurry dormitories will house out-of-town students and a recreational program is provided, in addition to several concerts.

Accepted from Hamlin, not previously listed, are Barbara Smith, twirling; Teresa Ann Josey, cornet and twirling, and Nick Moore, trombone.
